Hi Debbie,

We are in the process of drafting proposed amendments to the attached Bill that are consistent with the transitional approach that was agreed during our meeting on the 24<sup>th</sup> February, 2017, as well as amendments that will address the "Existing Problems" (as specified in my email below and in previous correspondence).

We will forward the proposed amendments as soon as possible.

Regards,

Scott

Hi Scott

Further to my email below does the Land Title Subcommittee have any feedback on the latest amendments to the LTR Amendment Act 2017. We also had a meeting with Mr. Collieson, and I understand that the subcommittee was going to provide some suggestions for the amendments to s16, 17 and 47 of the Conveyancing Act.

When the House reconvenes the Minister for Public Works intends to put forward this legislation to be debated.

Kind regards

Debbie
